ABOUT TRANSFORMATIVE JUSTICE JOURNAL

The *Transformative Justice Journal (TJJ)*, founded in 2012, is an online, open-source, and peer-reviewed journal dedicated to promoting transformative justice. As an academic-activist journal, TJJ was developed out of scholarly and community dialogues around promoting a decolonizing critical criminology social justice punitive/penal justice abolition community-based alternatives to both the retributive, punitive justice and utilitarian punishment models used by criminal justice systems, which victimize offenders and re-victimize survivors of offenses, while promoting profits over people and corporate interests over community interests. The current punitive criminal justice system takes control, responsibility, healing, and accountability away from victims and offenders and instead gives them a powerless and victimizing experience. Transformative justice, a decolonizing and anti-oppression approach, however, views conflict not from the lens of the criminal justice system, but from the community; as such, those involved in the conflict are seen as individuals rather than victims or offenders. Moreover, transformative justice addresses oppression by systems of domination, such as racism, sexism, homophobia, ageism, elitism, classism, and ableism within all domestic, interpersonal, global, and community conflicts. In short, transformative justice is restorative justice plus social justice. Transformative justice expands the social justice model, which challenges and identifies injustices, in order to create organized processes of addressing and ending those injustices. Transformative justice and social justice work together in addressing this need. Transformative justice also builds off the principles of restorative justice in order to address experiences of oppression within mediation.

LOCATION

The Transformative Justice Journal is located at in the Institute for Public Safety at Salt Lake Community College.

SUBMISSION GUIDELINES

Please read these guidelines and then send your article, essay, review, research notes, conference summary, etc. to the appropriate Associate Editor (see below).

Value and Uniqueness of TJJ

- The *Transformative Justice Journal* publishes rigorously peer-reviewed academic work of the highest quality.
- The *Transformative Justice Journal* provides the utmost respect and care during the review process.
- The *Transformative Justice Journal* is a free-to-access electronic journal.
- The *Transformative Justice Journal* charges no fees for publication.
- The *Transformative Justice Journal* supports and encourages submissions that are excluded from mainstream journals, including the use of photographic, videom MP3, and new media work.
- The *Transformative Justice Journal*, while an academic journal provides space and place for activists contributions.

We Seek

- **research articles and essays** – 2,000 to 10,000 words
- **student final papers** – no more than 10,000 words
- **course/class summaries** – no more than 2,000 words
- **research notes** – no more than 2,000 words
- **commentary** – no more than 2,000 words
- **tactic and strategy analysis** – no more than 10,000 words
- **academic development** – no more than 10,000 words
- **lecture summaries** – no more than 2,000 words
- **conference summaries** – no more than 2,000 words
- **event summaries** – no more than 2,000 words
- **action alert summaries** – no more than 2,000 words
- **film, book, art, and media reviews** – no more than 3,000 words
- **interviews and dialogues** – between 1,000 to 10,000 words
- **poems** – no more than 10,000 words

Style

- All submissions should have appropriate references and citations. Manuscripts should be single line spacing, 12-point font and conform to the American Psychological Association (APA) style format.
- Submissions must be sent in Microsoft Word format. Submissions in other software formats will not be reviewed.
- Authors should remove all self-identification from their submissions, but all submissions must be accompanied by a title page with author(s) name and affiliation, name of type of submission (e.g., article, review, conference summary, etc.), contact information including e-mail, postal address, and phone number.
- Authors must include an abstract of no more than 150 words that briefly describes the manuscript's contents.

Review Process

- Upon acceptance for review, the Transformative Justice Journal editors will send manuscripts, under a double-peer reviewed process, to no less than two, and generally three reviewers. Reviewers provide their recommendations to the editor, who makes the final decision to accept the manuscript.
- The Transformative Justice Journal holds to the utmost respect, love, and care when reviewing manuscripts. Each review we assure is constructive, positive, and hopefully useful to the author. We strongly welcome first time authors, students, nontraditional students, activists, youth, community organizers, prisoners, politicians, and teachers.

Submissions will be assigned to one of the four following categories:

1. accept without revisions

2. accept with editorial revisions

3. revise and resubmit for peer review

4. reject

- Every effort will be made to inform authors of the editor's decision within 100 days of receipt of a manuscript. Authors, whose manuscripts are accepted for publication, will be asked to submit a brief biography that includes their institutional or organizational affiliations and their research interests.

The Transformative Justice Journal only publishes original materials. Please do not submit manuscripts that are under review or previously published elsewhere.

Copyright, Republishing, and Royalties

- All Work published by the Journal is copyrighted by the Transformative Justice Journal.
- Republication of Contributor's Submitted Work may be assessed a reasonable fee for the administration and facilitation to other presses. Such fee shall be determined at the discretion of the Transformative Justice Journal.
- Royalties: Contributor agrees and acknowledges that no royalty, payment, or other compensation will be provided by the Transformative Justice Journal in exchange for or resulting from the publication of the Submitted Work.

Publication Dates

TJJ uses a rolling submission process, allowing authors to submit at any time during the year without time restraints or quota of articles in an issue. Rolling submission, the most current scholarly method of accepting publications, allows for more timely publications and current scholarship to enter the public sphere in a more timely fashion, rather than conforming to traditional academic print journal guidelines.

We are pleased to accept your submissions at any time and will move quickly through the review process to ensure timeliness.

For general submission, please submit to:

BOOK REVIEW

Maroon Comix: Origins and Destinies

Edited by Quincy Saul, PM Press, Oakland, CA, pp. 1-65, 2018

Author: Mechthild Nagel

E-mail: mecke.nagel@cortland.edu

Institute: Philosophy Department, SUNY Cortland

Address: POB 2000, SUNY Cortland, Cortland, New York, USA 13045

Four Keywords: Russell Maroon Shoatz, Political Prisoner, Black Liberation, Maroon History

Maroon Comix is a sensational work of art and prose, which honors the legacy of political prisoner Russell Maroon Shoatz. A finely stenciled portrait of Shoatz by Todd Hyung-Rae Tarselli opens the book. Quincy Saul has co-edited the writings of Shoatz in an earlier book, *Maroon the Implacable: The Collected Writings of Russell Maroon Shoatz* (2013). In fact, this book is a homage to Shoatz, an imprisoned intellectual, because the illustrators and writers draw on his work. Saul closes the comic book with a fabulous “Maroon Library,” thematically organized into the following rich and diverse sections: Maroon History and the Revolt of the Enslaved; Maroon Philosophy; Whiteness and Maroons of European Descent; Marooning in the Twentieth and Twenty-First Centuries; Maroons in the East; Maroon Literature; Maroon Articles; Maroon Music; Maroon Recipes. Moreover, the illustrations are a revolutionary aesthetic feat. With the evocative book cover illustration of Nanny Granny, a Jamaican maroon leader breaking free from her chain with a raised fist and raised sword, the curious reader is already drawn into the political message of liberation that permeates this outstanding maroon book and work of art.

The first chapter titled “Initiation” and illustrated by Songe Riddle opens us up to the illusions of maps and invites us to sojourn off the map. Citations from *Gone to Croatan* (1994) about the Great Dismal maroons’ legends provide a narrative insurgent history, told from the perspective of colonized Indian nations and enslaved African peoples. Right away, we learn about maroon agency, resistance and the urgency of altering and destroying the white supremacist, colonial script that is so prevalent in US school textbooks. In six chapters, this collective of writers and illustrators takes apart the following corrosive master narratives: enslaved peoples were content about their life-long subjugation; obedient to their masters; fearful of freedom; lazy and cunning. Maroonage, the practices of running away, liberating others, poisoning slavers, is never

foregrounded in the “standard” history accounts “on” slavery. It is always a (white) victors’ perspective that twists the record to suggest that maroonage was a futile exercise because the slave catchers were omnipresent and omnipotent. In reality, as the chapter on “Slavery and Liberation,” illustrated by Songe Riddle, emphasizes white and Black indentured servants and enslaved people resisted successfully and ran to the swamps, mountains, forests and other inaccessible places, often joining sovereign Indigenous nations, famously, the Seminole Maroons (p. 12). When the refugees were eventually discovered, these maroon communities fought back, often keeping the colonizers’ armies at bay for years and even centuries from the center of maroon societies, the Palmares to the Carolinas. “The efforts of these men, women and children cannot be matched in world history” (p. 2, citing Shoatz, 2013, pp. 32-34). Because of the success of these guerrilla resistance armies, the colonial powers attempted strategies of appeasement. This worked, in part, with the “treaty maroons,” who remained sovereign under the condition that they returned run-away slaves to the plantations. By contrast, the “fighting maroons” never surrendered and fought to death (p. 13). Throughout the book, maroon societies get named (e.g., the Accompong of Jamaica, the Garifuna of Central America, the Palenqueros of Colombia) as well as famous leaders in the chapter “I am Maroon!,” illustrated by Mac McGill. Here we find Granny Nanny of Jamaica, whose biography is brief (pp. 16-17) but her formidable power is showcased in the last chapter (p. 29). Furthermore, there are Harriet Tubman, Osceola and John Horse of the Seminole, and the Haitian revolutionaries. “In 1791, in Bois Caïman, Haiti, the warrior love goddess and ‘Mother of Haiti’ Ezili Dantor possessed the Haitian high priestess, mambo Cécile Fatiman. She then crowned the African revolutionary maroon and houngan Dutty Boukman with her scepter, invoking and convoking the Haitian revolution” (p. 23). Drawing on Shoatz’s analysis (2013), Saul makes clear that maroon societies drew on spiritual and religious leadership to sustain their diasporic communities against the constant onslaught of imperial armies that threatened their way of life. Haiti, of course, emerges as “the only country in world history established by formerly enslaved workers” (p. 23, citing Shoatz, 2013, p. 119). Thanks to the power of maroons’ resilience, Haiti is the only nation state emerging free from colonialism and enslavement, and it has had to pay a high prize for such audacity—and the hope it brought to millions of enslaved people in the Americas, as well as the shockwaves of terror, the republic sent to slavers. One maroon of Venezuela, José Leonardo Chirino, witnessed the Haitian Revolution and led an insurrection of Indigenous and African maroons, basing his demands on the Haitian and French Revolutions. Saul also pays tribute to Afro-Indigenous-Venezuelan spiritual leader María Lionza who became immortalized as goddess of nature, unifying the African, Indigenous, and European maroon cultures (p. 24). The split between treaty maroons and fighting maroons is exemplified in the conflict between Ganga Zumba and Zumbi. Ganga Zumba, king of Palmares, negotiated with the Portuguese, leading a community of tens of thousands of citizens. After the pact with the colonial power in 1678, Zumbi led a revolt against Ganga Zumba (p. 27). Again, it would have been helpful to add more detail to these very short biographies, especially for readers who know very little about the complexities of maroon philosophies. To the editor’s credit, he foregrounds women’s roles as spiritual leaders, community workers and resistance fighters. Queen Mother Moore is mentioned, born as free woman in 1898 in Louisiana, and early supporter of Marcus Garvey’s movement and received the honorific title Queen Mother by the Ashanti people of Ghana. Moore was an internationalist and called for reparations for descendants of U.S. slaves. The Black Liberation Army and its imprisoned fighters are mentioned, along with Russell Marron Shoatz, who earned his honorific title, “Maroon,” when he escaped from a state prison in Pennsylvania (pp. 31-33). The book shows that “the prison of slavery” morphs into “slavery of prisons,” in the famous words of maroon fighter Frederick Douglass and Angela Y. Davis.

The chapter “The Dragon or the Hydra?,” written and illustrated by Seth Tobocman, also brings an intersectional dimension to the conversation. Tobocman addresses contemporary tactics of struggle against oppression in all its forms, including the struggles of LGBTQ people globally. Drawing on Shoatz’s tropes of dragon and hydra, Tobocman points to the age-old controversy of effective guerrilla warfare—is it diffuse leadership or hierarchical leadership that proves to be most successful? Using the example of Haitian history, we are led to believe that thy hydra has the upper hand when fighting oppressive powers. When one charismatic leader is killed, others will rise. In addition, if some leaders get coopted such as treaty maroons, others will continue their work of resistance autonomously.

A future Comix books on maroon life and philosophies might want to focus on prominent contemporary maroon communities and how they differentiate themselves from utopian or religious communities or ecovillages, for that matter. This is briefly addressed in the last chapter “Modern Maroons,” illustrated by Hannah Allen, Emmy Kepler, and Songe Riddle. They give us examples of the Zapatistas in Mexico, Julius Nyerere’s vision of Ujamaa in Tanzania, the Sarvodaya Shramadana movement of Sri Lanka, and the maroons of Rojava in the greater Kurdistan region. What is common of them are a basis democratic philosophy of reclaiming of the commons by oppressed peoples; promoting women’s leadership and educational opportunities for women; and advocating anticapitalist principles as espoused by the people of Cuba and Venezuela. The simple question of how does one commit oneself to maroonage receives a surprisingly simple answer: start community gardens (p. 56)!

In this book, political prisoners Mumia Abu-Jamal and the Move 9 are mentioned, somewhat inaccurately under the heading of Black Liberation Army (p. 31). It would be good to write a separate Comix Book about their epic struggles with the City of Philadelphia, the Fraternal Order of Police and the FBI. So far, their insurgent perspectives have been told in a few zines and Mumia’s books.
